

## **Supervised Practice Mediations**

Form approved October 23, 2009, ADRIC Board of Directors

The Qualified Mediator (Q.Med.) designation was developed by the ADR Institute of Canada to provide an intermediate level designation for those mediators who are past the entry level stage in the field but do not have sufficient practical experience to obtain the Chartered Mediator (C.Med.) designation, which is the most senior designation conferred by the Institute.

The Qualified Mediator designation requires the mediator to have 10 days of training and to have conducted two supervised practice mediations, among other requirements. The supervisor(s) of the practice mediations must assess the candidate as having the ability to effectively run and manage the parties and the mediation process for a two-party mediation of basic-to-moderate complexity.

### **What is a “supervised practice mediation”?**

A “supervised practice mediation” is a role play or “mock” mediation involving 2 or more parties. It is conducted solely by the Q.Med candidate. It may not be a co-mediation.

The Q.Med Candidate is expected to conduct the entire mediation from start to finish and will be at least one hour in duration.

The Q.Med Assessor must be a Chartered Mediator in good standing of the ADR Institute of Canada. The Assessor must observe the Q.Med candidate for at least 50% of the role play, but does not need to be continuously present.

The Assessor is asked to fill out and return the attached form directly to the ADR Institute of Canada.

## Supervised Practice Mediation Review Form

<b>Name of Candidate:</b>	<b>Address of Candidate:</b>
---------------------------	------------------------------

### Background:

Name of Assessor:  Are you a C.Med in good standing of ADRIO?  Yes                  No	Date of Assessment:
